## **Seminar Descriptions:**

### **Jason Cross: Becoming a “SAPman”**

This workshop emphasizes the importance of living a life aligned with God's will, encouraging participants to be "SAPmen"—surrendered, available, and postured as disciples. It highlights the necessity of making daily choices that reflect allegiance to God rather than worldly influences, urging a commitment to prayer and spiritual guidance. By following Jesus' example, attendees are encouraged to maintain a posture of discipleship in all aspects of life

### **Tommy Sewall: The Power of Story – Reaching Gen Z & Gen Alpha**

In a world saturated with content, story remains the most powerful tool for connection. This seminar will explore why storytelling is essential for engaging Gen Z and Gen Alpha and how it can be leveraged to share truth in a way that resonates. Attendees will gain insight into the unique values and communication styles of these generations and learn practical strategies for crafting compelling narratives that capture their attention and hearts.
